# Early Oral Cancer Detection: Risks and Rewards

- ◆ Examine statistics and risk factors for oral cancer
- ◆ Develop effective communication skills for the dentist and dental team
- ◆ Review necessary steps for a thorough clinical examination
- ◆ Identify new technologies now available for performing oral cancer screening procedures
- ◆ Integrate oral cancer screening/detection into your practice
- ◆ Discover the integral role each member of the dental team plays in oral cancer screening

Continuing education available for Dentists through the Academy of General Dentistry and Dental Assistants through the Dental Assisting National Board. See inside for details.

Kansas City, MO - September 11

St. Louis, MO - September 12

# Early Oral Cancer Detection: *Risks and Rewards*

## Save a Life...Detect Oral Cancer Early!

Oral cancer kills one person in the United States every hour of every single day! This is a shocking statistic. Even more shocking is the fact that the incidence of oral cancer is growing and the five-year, 50 percent mortality rate has not changed in over 30 years. Because of this alarming data, health experts recommend that ALL adults beyond the age of 18 receive annual oral cancer screenings. Are we seeing everything that we should by merely doing traditional oral examinations? How effective are dental professionals in their screening procedures? How can we do a more thorough examination while increasing productivity and growing our practices?

Attend this one-day seminar and learn how to incorporate oral screening into your practice in a practical and efficient manner. Attendees will learn how to effectively screen for oral cancer, increase your clinical competency and communicate your findings compassionately to patients. New technologies available for performing more effective oral cancer screenings and biopsy procedures will be examined, along with helpful time management tips to utilize when performing oral screenings. This seminar outlines the role each dental professional plays in the development of efficient oral cancer screening within any practice. Become a part of the growing group of health care professionals committed to saving the lives of patients entrusted to their care. It feels great to save a tooth—it feels even better to save a life!

## Course Director

**Jonathan A. Bregman, DMD, FAGD**, is a clinician, speaker, consultant and author who has led successful dental practices for more than 30 years. In addition, Dr. Bregman has held an adjunct faculty position at the University of North Carolina Dental School at Chapel Hill for 17 years. Dr. Bregman is a Fellow of the Academy of General Dentistry and has laser certification from the World Clinical Laser Institute. He is a member of several professional organizations, including the American Dental Association, the Academy of General Dentistry, the North Carolina Dental Society, Academy of Dental Management Consultants, LD Pankey Alumni Association, the Speaking Consulting Network, the Carolinas Speakers Association and a member of the National Speakers Association.

Dr. Bregman presents and publishes worldwide on topics including: Maximizing investment in dental technology, early oral cancer detection, practice transitions and team building. His articles have been published in such journals as *Access Magazine*, *Dental Practice Report*, *Dentalcompare*, and *Modern Dental Hygiene*. Dr. Bregman is currently editor of the Laser Learning Center for *Dentalcompare* and is co-managing partner of AssessWorks, a company focused on improving practice productivity through effective hiring and development of team members. He has presented seminars both nationally and internationally, most recently in Australia and New Zealand. To learn more about Dr. Bregman, please visit his website: [www.bregmandentistry.com](http://www.bregmandentistry.com).

*"Dr. Jonathan Bregman's seminars are full of valuable information. He teaches with passion and integrity. Anyone attending his course is sure to come away with valuable tools, increased knowledge and a renewed passion for dentistry!"*

Lois Banta, Banta Consulting Group  
Grain Valley, MO

*"Dr. Jonathan Bregman is one of the most dynamic and passionate speakers in the dental profession today. His presentation to the doctors in our practice is still the most talked about CE course we've ever had and is still talked about whenever we get together. It is the presentation all others are compared to again and again."*

David M. Reznik, DDS  
East Point, GA

## Who Should Attend

- ◆ Dentists
- ◆ Dental Hygienists
- ◆ Dental Assistants

[www.CrossCountryEducation.com](http://www.CrossCountryEducation.com)

## COURSE CONTENT

### WHY WE SHOULD CARE: ORAL CANCER STATISTICS

- ◆ Understanding the statistics
- ◆ Grasping the scope and seriousness of the problem
- ◆ Helping the dentist and team recognize their central role in early detection

### ORAL CANCER RISK FACTORS: COMMON AND UNCOMMON

- ◆ Smoking, excessive alcohol consumption, family history
- ◆ HPV: the growing menace

### FRAMING THE MESSAGE: CANCER SCREENING IS A NECESSITY

- ◆ Linking cancer screening to your overall message of oral health, prevention and comprehensive care
- ◆ Developing essential communication skills/tools
- ◆ Moving the patient to “YES”: Creating a consistent message
- ◆ Understanding and managing resistance (unconscious avoidance): yours and theirs

### THE THOROUGH, EFFECTIVE CLINICAL EXAMINATION FOR ORAL CANCER: A MUST!

- ◆ Examining visually: your eyes only
- ◆ Examining with palpation: your hands only

### ADVANTAGES OF LUMINESCENT TECHNOLOGIES NOW AVAILABLE FOR EARLY ORAL CANCER DETECTION: WHAT, WHY, WHEN

- ◆ ViziLite® Plus,
- ◆ Orascoptic DK™ and Microlux™/DL
- ◆ VELscope® Oral Cancer Screening System

### METHODS AVAILABLE TO PERFORM BIOPSY PROCEDURES

- ◆ OralCDx: The brush test
- ◆ Scalpel blade
- ◆ Dental laser

### OPTIONS FOR HANDLING POSITIVE FINDINGS

- ◆ Developing critical communication skills
- ◆ Creating a network of caring professionals: How and when to refer

### INTEGRATING ORAL CANCER SCREENING/DETECTION INTO YOUR PRACTICE

- ◆ Time management
- ◆ Profitability
- ◆ Practice differentiation and growth

## What You Will Learn

- ◆ Discover why oral cancer is growing among both young and older patients
- ◆ Identify known oral cancer risk factors
- ◆ Develop effective communication skills surrounding oral cancer
- ◆ Outline methods for a quick and thorough clinical examination
- ◆ Recognize the benefits of immuno-florescence technology and when to utilize it
- ◆ Explain how to communicate positive findings to your patients in a positive, but serious manner
- ◆ Examine the importance of developing a network of caring health care professionals that you can refer patients to
- ◆ Determine what the next step should be for your patient once a suspicious lesion is found
- ◆ Compare and contrast which screening and biopsy technologies best meet your patient and practice needs
- ◆ Discuss time management and profitability of oral cancer screenings
- ◆ Identify how oral cancer screening helps your patients, but also builds your practice

## Audio Products

If you would like to order the audio/manual package for this seminar, it is available for \$199, plus \$8 S&H (US shipments only; call for international rates). If you are registered to attend this seminar, you may order a set of tapes/CDs for this program at \$49 each. You can order online at our website, by faxing or mailing the registration form on this brochure or by calling (800) 397-0180. There is a “no return” policy on recorded material; however, if you notice a defect in the product, please let us know in writing within seven days of receiving the product and an exchange or credit voucher will be issued. Supply may be limited. Please call to check for availability. Participant use of recording devices at the seminar is not permitted. Please allow 4 to 6 weeks following the seminar date for delivery.

**Disclaimer:** Any opinions, findings, recommendations or conclusions expressed by the author(s) or speaker(s) do not necessarily reflect the views of Cross Country Education. Cross Country Education reserves the right to substitute a qualified instructor due to unforeseen circumstances.

Registrants will not receive a certificate until payment has been received. If payment is not received ten (10) days prior to the seminar, the certificate may not be present at the seminar. If your payment is returned NSF it will be re-presented electronically and a processing fee will be charged as allowed by law.

## Confirmations & Cancellations

Confirmations of registration are sent via email or fax within three days of receipt in our office. If an email or fax confirmation cannot be sent, a post card is mailed. **If you have not received a confirmation within five days of the program, please call our office at (800) 397-0180 to verify registration.** Cancellations received at least five working days before the seminar are refundable less a \$20 administrative charge per registrant. There is no refund for cancellations received later; however, a credit will be issued toward a future seminar or product order. Please note that if you register and do not attend, you are still liable for full payment. Substitutions may be made any time. The expense of continuing education, when taken to maintain and improve professional skills, may be tax deductible. Please contact your accountant for complete details.

## Continuing Education Credit

**Dentists:** Cross Country Education is designated as an Approved PACE Program Provider by the Academy of General Dentistry. The formal continuing education programs of this program provider are accepted by AGD for Fellowship, Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry. The current term of approval extends from 10/19/2007 to 9/30/2011. It is offered for 6 credit hours.

**Dental Assistants:** This program has been submitted for 6 hours of continuing education credit to the Dental Assisting National Board, Inc. "DANB Approval" indicates that a continuing education course appears to meet certain specifications as described in the DANB Recertification Guidelines. DANB does not, however, endorse or recommend any particular continuing education course and is not responsible for the quality of any course content.

**Hygienists:** Cross Country Education is designated as a nationally approved sponsor by the Academy of General Dentistry, which is recognized by many state dental or hygienist boards. Please check your state rules and regulations to determine if this course meets your state criteria.

**Other professions:** This seminar qualifies for 6 continuing education hours as required by many national, state and local licensing boards and professional organizations. Save your course outline and certificate of completion, and contact your own board or organization for specific filing requirements.

**All professionals:** In order to process continuing education, please bring the appropriate license/certification number to the seminar.

**Amended certificates:** Please note that the credit hours listed above are offered by Cross Country Education and/or boards/associations for a full day's attendance. In the event of late arrival and/or early departure, amended certificates indicating the actual number of credit hours earned will be provided upon calling Cross Country Education.

**ADA:** If you require ADA accommodations, please contact Cross Country Education at least two weeks before the seminar date so that arrangements can be made.

*"We really enjoyed the presentation given by Dr. Bregman. We have attended many seminars on his topic and felt this was by far the best we have ever heard."*

Richard Wittenauer, DDS and Lisa Wittenauer, DDS  
Newport Beach, CA

## In-House Training is Practical, Flexible, Affordable
